My Dear Mr. Keefer,

I am sending under separate cover the piece of silver boat money which I showed to Mr. Smith when he was here. It is the only piece of this kind we have. Do not know of any notes but ~~am~~ if we come across anything of this kind will let you know. Are you interested in the regular Chinese coppers with hole in center?

Glad to hear from you and hope this finds you well. With best regards,

Yours very truly,

Chinese hat Money. Silver,
